

MyBanner Patient Portal

Having 24/7 online access to your health information is a great thing.

Why create an account?

- Review health information for you and your children ages 11 and younger (including blood pressure, allergies, medications, immunizations and more).
- Securely message your Banner Medical Group, Banner – University Medical Group or Banner MD Anderson provider (messaging is available for most providers).
- View your lab results, prescribed medications, X-rays and other medical imaging reports.
- View discharge instructions after a hospital stay or emergency department visit.

Getting started is easy.

1. Go to www.bannerhealth.com
2. Click on login (upper right corner)
3. Click on self-enroll and create an account
4. Click on: Create an account
5. Fill out Name, email, password

Download the Banner Health App. Having this information at your fingertips makes managing your health easier. And, with our app available in the Apple App Store and Google Play, you can have all this important information with you at all times.

If you already have an account

- login by: using your email address and password.
- If you forgot your password: click on forgot password- answer the questions

What is a proxy? A proxy is a person, other than the patient, who has been granted full access to the patient's MyBanner Patient Portal. This includes parents, Agents as authorized under state law, Guardians and Surrogates for children under the age of 12, and adults who lack decision making capability. To request access to a patient's portal, please use the links above.

Questions? Need help logging in? Support is available Monday to Friday from 8 a.m. to 4:30 p.m. MDT at (480) 684-6000  or toll-free at (855) 355-6500 .
