Banner – University Care Advantage 2020 Comprehensive Formulary

(List of Covered Drugs)

**PLEASE READ: THIS DOCUMENT CONTAINS INFORMATION
ABOUT THE DRUGS WE COVER IN THIS PLAN**

0020003, Version Number 17

This formulary was updated on 07/27/2020. For more recent information or other questions, please contact Banner – University Care Advantage at (877) 874-3930 or, for TTY users, 711, 8 a. m. to 8 p. m., 7 days a week, or visit www.BannerUCA.com.

Note to existing members: This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

When this drug list (formulary) refers to “we,” “us,” or “our,” it means Banner – University Care Advantage. When it refers to “plan” or “our plan,” it means Banner – University Care Advantage (HMO SNP).

This document includes a list of the drugs (formulary) for our plan which is current as of July 27, 2020. For an updated formulary, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2021, and from time to time during the year.

Banner – University Care Advantage (HMO SNP) complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex.

What is the Banner — University Care Advantage Formulary?

A formulary is a list of covered drugs selected by Banner — University Care Advantage in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. Banner — University Care Advantage will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a Banner — University Care Advantage network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

Can the Formulary (drug list) change?

Most changes in drug coverage happen on January 1, but we may add or remove drugs on the Drug List during the year, move them to different cost-sharing tiers, or add new restrictions. We must follow Medicare rules in making these changes.

Changes that can affect you this year: In the below cases, you will be affected by coverage changes during the year:

- **New generic drugs.** We may immediately remove a brand name drug on our Drug List if we are replacing it with a new generic drug that will appear on the same or lower cost sharing tier and with the same or fewer restrictions. Also, when adding the new generic drug, we may decide to keep the brand name drug on our Drug List, but immediately move it to a different cost-sharing tier or add new restrictions. If you are currently taking that brand name drug, we may not tell you in advance before we make that change, but we will later provide you with information about the specific change(s) we have made.
 - › If we make such a change, you or your prescriber can ask us to make an exception and continue to cover the brand name drug for you. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled “How do I request an exception to the Banner — University Care Advantage’s Formulary?”
- **Drugs removed from the market.** If the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug’s manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice to members who take the drug.
- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may add a generic drug that is not new to market to replace a brand name drug currently on the formulary or add new restrictions to the brand name drug or move it to a different cost-sharing tier. Or we may make changes based on new clinical guidelines. If we remove drugs from our formulary, or add prior authorization, quantity limits and/or step therapy restrictions on a drug, we must notify affected members of the change at least 30 days before the change becomes effective, or at the time the member requests a refill of the drug, at which time the member will receive a 31-day supply of the drug.
 - › If we make these other changes, you or your prescriber can ask us to make an exception and continue to cover the brand name drug for you. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled “How do I request an exception to the Banner — University Care Advantage Formulary?”

Changes that will not affect you if you are currently taking the drug. Generally, if you are taking a drug on our 2020 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2020 coverage year except as described above. This means these drugs will remain available at the same cost-sharing and with no new restrictions for those members taking them for the remainder of the coverage year.

The enclosed formulary is current as of July 27, 2020. To get updated information about the drugs covered by Banner — University Care Advantage, please contact us. Our contact information appears on the front and back cover pages. In the event of mid-year non-maintenance formulary changes, we will notify our members via a Formulary Change Notice sent by mail.

How do I use the Formulary?

There are two ways to find your drug within the formulary:

Medical Condition

The formulary begins on page 3. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, "Cardiovascular Medications." If you know what your drug is used for, look for the category name in the list that begins on page 1. Then look under the category name for your drug.

Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the index that begins on page on page Index-1. The index provides an alphabetical list of all of the drugs included in this document. Both brand name drugs and generic drugs are listed in the index. Look in the index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the index and find the name of your drug in the first column of the list.

What are generic drugs?

Banner — University Care Advantage covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs cost less than brand name drugs.

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** Banner — University Care Advantage requires you [or your physician] to get prior authorization for certain drugs. This means that you will need to get approval from Banner — University Care Advantage before you fill your prescriptions. If you don't get approval, Banner — University Care Advantage may not cover the drug.
- **Quantity Limits:** For certain drugs, Banner — University Care Advantage limits the amount of the drug that our plan will cover. For example, Banner — University Care Advantage provides 90 capsules in 30 days for Lyrica. This may be in addition to a standard one-month or three-month supply.
- **Step Therapy:** In some cases, Banner — University Care Advantage requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, Banner — University Care Advantage may not cover Drug B unless you try Drug A first. If Drug A does not work for you, Banner — University Care Advantage will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page FDL Intro-6. You can also get more information about the restrictions applied to specific covered drugs by visiting our web site. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask Banner — University Care Advantage to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, “How do I request an exception to the Banner — University Care Advantage formulary?” on page FDL Intro-4 for information about how to request an exception.

What if my drug is not on the Formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact our Customer Care Center and ask if your drug is covered.

If you learn that Banner — University Care Advantage does not cover your drug, you have two options:

- You can ask our Customer Care Center for a list of similar drugs that are covered by Banner — University Care Advantage. When you receive the list, show it to your doctor and ask him or her to prescribe a similar drug that is covered by Banner — University Care Advantage.
- You can ask Banner — University Care Advantage to make an exception and cover your drug. See below for information about how to request an exception.

How do I request an exception to the Banner — University Care Advantage’s Formulary?

You can ask Banner — University Care Advantage to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, Banner — University Care Advantage limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, Banner — University Care Advantage will only approve your request for an exception if the alternative drugs included on the plan’s formulary or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You should contact us to ask us for an initial coverage decision for a formulary or utilization restriction exception. **When you request a formulary or utilization restriction exception you should submit a statement from your prescriber or physician supporting your request.** Generally, we must make our decision within 72 hours of getting your prescriber’s supporting statement. You can request an expedited (fast) exception if you or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get a supporting statement from your doctor or other prescriber.

What do I do before I can talk to my doctor about changing my drugs or requesting an exception?

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that we cover or request a formulary exception so that we will cover the drug you take. While you talk to your doctor to determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or if your ability to get your drugs is limited, we will cover a temporary 31-day supply. If your prescription is written for fewer days, we'll allow refills to provide up to a maximum 31-day supply of medication. After your first 31-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug while you pursue a formulary exception.

You may have to fill new prescriptions for the drugs you were taking if you have a level of care change such as:

- Members who are discharged from a hospital to home
- Members who end their skilled nursing facility Medicare Part A stay (where payments include all pharmacy charges) and who need to revert to their Part D plan formulary
- Members who give up hospice status to revert to standard Medicare Part A and B benefits
- Members who end a long-term care facility stay and return to the community
- Members who are discharged from psychiatric hospitals with drug regimens that are highly individualized

We will provide up to a 31-day transition supply of medication to avoid a gap in therapy.

Banner — University Care Advantage Formulary

The formulary below provides coverage information about the drugs covered by Banner — University Care Advantage. If you have trouble finding your drug in the list, turn to the index that begins on page Index-1.

The first column of the chart lists the drug name. Brand name drugs are capitalized (e. g. , JANUVIA) and generic drugs are listed in lower-case italics (e. g. , *metformin*).

The information in the Requirements/Limits column tells you if Banner — University Care Advantage has any special requirements for coverage of your drug.

The following abbreviations may be found within the body of this document.

Abbreviation / Description	Explanation
LA (Limited Access)	Indicates that the drug has been noted as being restricted to certain pharmacies by the Food and Drug Administration. These drugs can only be obtained at specialty designated pharmacies able to appropriately handle the drugs.
PA (Prior Authorization)	You or your provider must get pre-approval by our plan before we will agree to cover the prescription.
PA-HRM (Prior Authorization/ High Risk Medication)	Indicates that this drug is considered to be a high-risk medication in people 65 years and older and use of this drug should be avoided in this population. If you are 65 years of age or older and this medication is prescribed for you, you or your physician are required to obtain a prior authorization from Banner — University Care Advantage before you fill your prescription for this drug. Without prior approval, Banner — University Care Advantage may not cover this drug.
PA BvD (Prior Authorization/ Part B vs Part D)	This drug may be eligible for payment under Medicare Part B or Part D. You or your physician are required to get prior authorization from Banner — University Care Advantage to determine that this drug is covered under Medicare Part D before you fill your prescription for this drug. Without prior approval, Banner — University Care Advantage may not cover this drug.
PA for ESRD Only (Prior Authorization End Stage Renal Disease)	Indicates that if Medicare has identified you as having end stage renal disease, you or your physician are required to obtain a prior authorization from Banner — University Care Advantage before you fill your prescription for this drug. Without prior approval, Banner — University Care Advantage may not cover this drug.
PA NSO (Prior Authorization/ New Starts Only)	If you are a new member, you or your physician are required to get prior authorization from Banner — University Care Advantage before you fill your prescription for this drug. Without prior approval, Banner — University Care Advantage may not cover this drug.
QL (Quantity Limits)	Quantities dispensed may be limited.
ST (Step Therapy)	This prescription drug requires that you've tried another drug first, which did not work for you.

- All drugs are eligible for a 90-day extended supply.
- All drugs are available through mail order.
